VALLEY FEVER

HEALTH & SAFETY EDUCATION

Studies have shown those who are aware of Valley Fever are diagnosed sooner.

Contact Rob Purdie for more information:

Rob.Purdie@KernMedical.com | (661) 489-5244

Companies engaged in construction activities where Valley Fever is highly endemic (such as Kern County) are required to provide employees annual awareness training on Valley Fever.

The Valley Fever Institute is offering this training at no cost.

Ask about our available education for industries including:

Oil & Gas • Agriculture • Utilities • Solar Power
